It manages a huge portfolio which includes medical & equipment supply, technology & communication, civils & maintenance, landscaping, horticultural, maintenance, security alarms & CCTV, construction & cleaning materials, properties, construction, logistics amongst other things.

Nana Investment aim to expand its networks and business operations in South Africa and abroad.

## Mission

To offer solutions that are of good quality and satisfactory to our clients.

## Values

- INTEGRITY. Know and do what is right.
- RESPECT. Treating others the way you want to be treated.
- RESPONSIBILITY. Embrace opportunities to contribute.
- SPORTSMANSHIP. Bring your best to all competition.
- SERVANT LEADERSHIP. Serve the common good.

## Ownership

The company is owned 100% by 2 blacks, Sipho and Florence Hlatshwayo.

## NANA Medical & Equipment Supply

For many years, Nana has been supplying organisations across South Africa with the wholesale medical supplies they need to keep their workforce and customers safe.

With more than 10,000 products available, from emergency response equipment to pharmaceuticals, we have everything you need to protect your organisation, whichever industry you are in. And because we continually grow our range in line with market demands, you can rely on Nana for all your medical supply needs.

Our range includes first aid supplies, paper products, emergency response equipment and products for chemical decontamination, hygiene, biohazard and infection control.

To find out more fill out the form above or call one of our friendly advisors on +27 11 872 0099. Whether you're ordering as a business or an individual, our expert team will help you create an order that meets your specific needs.

## **NANA TECHNOLOGY & COMMUNICATION**

Nana Technology and Communication are a leading provider of bespoke communications infrastructure services to the telecoms, broadcast, data and wireless industries. Founded in 2015, we now have 2 offices in South Africa and over 250 people in our team. Whatever your communications engineering problem, we can help you.

## NANA CIVILS & MAINTENANCE

We've built an impressive track record, thanks to our pedigree of more than two decades of working in the construction and civil engineering industry.

Whether we're engaged as main contractors or in a sub-contracting role, our expert, qualified and experienced staff are all fully trained and supervised to ensure they deliver to our exacting and rigorous standards of service and workmanship.

We work across all sectors, from retail and office through to education and leisure.

Whether your project is a large-scale regular property maintenance contract or a multi-use retail development, we treat each client as an individual, ensuring we deliver to your exact requirements and exceed your expectations.

## NANA LANDSCAPING, HORTICULTURE MAINTENANCE

Nana can provide you with a diverse range of commercial and residential garden services. Regardless of the style of landscape you seek, with our in-depth knowledge and experience of the Gauteng's climate, flora and soil types we can provide you with the right landscaping solution and ongoing gardening services that will add value to your property now and into the future.

From the initial design to the installation and ongoing maintenance we offer quality craftsmanship in all the work we undertake including the careful selection of quality plants and materials for your project.

With a drying climate, limited water resources and an increasing population, choosing the most suitable landscape has never been more important. Our landscapes are water wise and thrive in South Africa's harsh conditions saving you money. Our goal is to create a landscape that will be the envy of others

## NANA SECURITY ALARMS & CCTV

Nana is a market-leading provider of tailored security systems to South African homes, large and small businesses, major high street brands, the financial sector, police and other strategic service providers.

The company is a pioneer of intelligence-based security solutions - a significant advance in the fight against retail crime.

Part of a global security organisation operating at many levels, Nana is committed to delivering exceptional customer service, a key contributor to the company's growth.

## **NANA CONSTRUCTION & CLEANING MATERIALS**

Nana supply construction and industrial cleaning products for the removal of lichen, chewing gum, graffiti, resins, rust and tire marks in hard landscaping, external concrete structures, brickwork and blockwork. Products to ensure surfaces are properly cleaned and prepared prior to applying new materials. Also, cleaning agents for tools that have been used to apply resins and cements.

## NANA PROPERTIES

If you wish to sell your property you can find a buyer yourself or use us. Before making a decision you should consider how much each method would cost and how much time you have available. If you use us, it will be more expensive but we will take responsibility for advertising, showing potential buyers around, and negotiating a price for the property. If you wish to find a buyer yourself, it will be cheaper but you will need the time to make all these arrangements and deal with any problems whereas on your behalf we would gladly do that.

## NANA CONSTRUCTION

Nana is leading provider of construction and infrastructure services, providing specialist design and build capabilities. The knowledge, skills and intellectual capital of our people ensure we are able to project manage and integrate all aspects of a project.

We work on projects of all sizes, complexities and sectors spanning across all of the South Africa. We also have a growing footprint in infrastructure services, delivering both capital projects as well as maintenance of infrastructure assets. We work across a range of sectors including education, health, housing, highways, aviation, rail and power.

## NANA LOGISTICS

Nana is a full-service logistics provider with special expertise in automotive, technology, industrial and retail logistics. Nana offers freight forwarding, contract logistics and supply chain solutions that connect your business to suppliers and markets around South Africa. Air, ocean, and road freight, and multi-modal solutions to move your goods. Customs clearance and brokerage services to make your cargo run smoothly. Specialized logistics solutions in exhibitions and events, and heavy-lift and project logistics. Over 22,000 sqm of open and bonded warehouse space, including temperature controlled warehousing and distribution for the Life Sciences and Perishable sectors. Nana's industry-leading technology and tools provide visibility to boost efficiency, reduce costs and de-risk your supply chain. Working in partnership with customers to analyse their businesses, Nana applies analytics to find improvement opportunities, designs customised solutions, manages implementation, and provides quality assurance.
